

TOWN OF DANVILLE

The Town of Danville enjoys the relationship we have with our citizens and values their input in our Council Meetings, Board Meetings and Commission Meetings. However, the Town of Danville is just as concerned about the spread of the Coronavirus (COVID-19) as you are. For the public's safety and wellbeing, we ask everyone to practice an abundance of discretion in determining whether to attend a council or board meeting. Even though we still need to conduct business that affects the operation of the Town, we can strive to lessen the potential for exposure. This is for your safety, the safety of our employees, and the community as a whole. We expect to return to normal operations within the next 30 days.

Thank you for your time and consideration in this matter.
