

TOWN OF DANVILLE

Danville, IN (March 19, 2020) —At the directive of the Town of Danville Town Council President, Tom Pado, the Town of Danville has elected to close all Town facilities to the public. This comes after Governor Holcomb announced additional steps on Monday, March 16th to help prevent the spread of COVID-19 (coronavirus).

Our number one priority is to protect our residents and employees. Town facilities and internal in-person meetings have been canceled until further notice. The Town of Danville closed the Danville Athletic Center, Monday and canceled town-wide events to adhere to the Governor's restriction of social gatherings.

The Town of Danville is committed to protecting public health and safety personnel and other critical operations, including police, fire, emergency dispatch, water, sanitation, and other essential services, with additional protocols to reduce the risk of transmission. There are no interruptions of essential Town services at this time.

Town Council meetings will still take place with a limited agenda and limited attendance. Billing operations will continue under normal operations. Here are alternative options for Town business:

- Utility billing payments should still be made via phone at 317-745-4180 Ext 7004 and 7005, online at <https://www.municipalonlinepayments.com/danvillein/utilities> or via the drop box located at Town Hall—49 N. W. Main Street
- For building permits, you may email Barry Lofton at blofton@danvilleindiana.org or Malynn Hearon at mhearon@danvilleindiana.org
- General questions about any other operations with the Town of Danville may be asked, via e-mail at Malynn Hearon at mhearon@danvilleindiana.org On the Town of Danville's Facebook page or you may leave a phone message (to be returned within 48 hours where possible) at 317-745-4180 ext. 1002

The Town of Danville continues to urge people to practice social distancing. All updated information regarding the end date for this closure will be posted on our website.

If you think you have been exposed to COVID-19 and develop a fever and symptoms of respiratory illness, such as cough or difficulty breathing, the CDC advises you to call your medical provider immediately. Hendricks Regional Health has created a 24/7 hotline for over-the-phone screenings (317) 520-5500.
